

# ALL STARS PROGRAM

DECEMBER 13-15  
NEW JERSEY

PARTNERED WITH

# ATLANTIC HOCKEY FEDERATION

## ABOUT US

In the midst of its second full season, the Atlantic Hockey Federation (AHF) stands as a prominent force in youth hockey development. As a USA Hockey Sanctioned Elite Tier-II Youth Hockey League, AHF orchestrates competitive games across the United States, providing a platform for its dedicated members and their families. Comprising over 50 member-owned clubs, the league encompasses AA divisions for age groups ranging from 9U to 18U, demonstrating a commitment to fostering talent across various stages of youth hockey.

AHF goes beyond the ordinary by offering A/B hockey at specific age groups, including 10U, 12U, and 14U, along with 16U A and 18U A levels. This diversity ensures a comprehensive and inclusive approach to player development within the league.

What sets AHF apart is its distinctive organizational structure. Each of its founders and member clubs operates seamlessly across all levels of youth and junior hockey, covering the spectrum from Mite to Midget at the youth level and from Tier III juniors to Tier I juniors in the USHL. This integrated approach provides a unique pathway for players looking to advance their skills and opportunities in the hockey landscape.

For those aspiring to play college hockey and seeking value and exposure, AHF emerges as the ideal choice. The league stands out with a dedicated full-time professional staff, ensuring a high standard of operations. Live scoring and extensive social media coverage further amplify the league's visibility, making it an attractive option for players, families, and hockey enthusiasts alike.

AHF offers a complete and enriching experience for its members, featuring elements such as parity, showcases, All-Stars, and Championships. This comprehensive approach ensures that players within the AHF not only develop their skills but also thrive in a competitive and supportive environment. If you are looking for the best in youth hockey with a pathway to college play, the Atlantic Hockey Federation is your premier destination.

# CHAMPIONSHIP FORMAT

The Atlantic Hockey Federation is set to launch an enhanced 2025 Championship format, prioritizing inclusivity and heightened competition.

1. **Larger Format:** The new format accommodates more teams, ensuring a broader range of contenders for the Championship Title.
2. **Full Season vs. Partial Season:** Witness a face-off between full-season champions and those who excel in partial season.
3. **Geographically Based Round Robin for Full Season:** Teams will compete in a round-robin format based on geography, intensifying regional rivalries and competition.
4. **Partial Season Qualification:** Teams in the partial season qualify based on their North/South Division finishes.
5. **Wild Card Entries:** All league teams, regardless of regular-season performance, have a shot at Wild Card births.
6. **National Presence:** The 14U, 15U, 16U, and 18U AA national teams will compete, providing a national platform for emerging talents.

For division-specific details and the latest updates, visit the official Atlantic Hockey Federation website.

# QUEBEC PEEWEE TOURNAMENT

FEB 12-23, 2025

## 2024 DIVISION FINALISTS

## ABOUT THE TOURNAMENT

The Quebec International Hockey tournament is one of the most prestigious minor hockey tournaments in the world. Over 120 teams from across the globe partake in this unforgettable experience each year. Teams have the chance to play at the 18,000 seat Videotron Center, as well as exhibition games and practices at partner arenas.

The Atlantic Hockey Federation sends a select team to the Quebec International Pee wee Tournament. The AHF Hosts an open tryout for all players born in 2012 and 2013 who will play on an Eastern AHF team in the upcoming 2024-2025 season. Selected players from the open camp will be invited to the August camp where the team will be finalized.

- Pin trading
- Quebec Remparts Game
- Winter Carnival
- Tour the city
- Billeting with Quebec Families

# ***WHAT IS KRACH?***

**What is it?** – KRACH is short for “Ken’s Rating for American College Hockey.” Ken is Ken Butler, a statistician, and the mathematical model he used is known as the Bradley-Terry Rating System.

1. The KRACH rating system is an attempt to combine the performance of each team with the strength of the opposition against which that performance was achieved, and to summarize the result as one number, a “rating”, for each team. The higher the rating, the better the team.
2. KRACH accounts for strength-of-schedule (SOS) as it ranks the teams.
3. KRACH is calculated purely from the results(win/loss/tie) and does not use goals scored or goal differential like myhockeyrankings.
4. Overtime wins count as wins.

**Why we use it rather than points?** – KRACH ratings are used instead of traditional points for the following reason:

1. Teams play an unbalanced schedule, teams will not play all the teams in teams’ age division
  - Teams that play a more difficult schedule would be unfairly punished in the traditional points-based standings
  - KRACH does not put greater emphasis on blowing out teams like myhockeyrankings
2. The aHF offers 2 season structures, full-season and partial season. Using KRACH rather than points earned will allow for fair rankings such that teams playing fewer games are fairly measured within their division

**What is the process for the Federations** – The KRACH algorithm is written in python and consists of a data organization routine and an iterative strength of schedule solver.

1. The algorithm takes the Team win loss data from an excel file output by the GameSheet online scoring platform used to store game data.
2. This data is then organized by division using tags provided by GameSheet.
3. This divisional data is then organized into pairwise comparisons based on wins and losses to feed into the solver.
4. The pairwise team input can be visualized as a matrix with each time represented as a row and wins against other teams in the columns.
